Kevin Singleton was the best speaker I've ever heard! Usually speakers are boring and you only like them so you can get out of class, not Kevin. When he walked out with the basketball I was already interested in what he was going to be doing. After a while my student council members and myself moved up so we could see what was going to happen. Out of all the hundreds of students that were there, he picked me to come up and try some basketball moves. It was the most amazing experience ever! I had a great time after I did all the moves. When Kevin said he was leaving I was sad because I was having such a great time. Kevin is the BEST and I hope I'll get to see him speak again real soon.
